

HOW AND WHEN TO USE CUSTOM CODES

Custom codes allow you to send users to HowToFascinate.com/you and have them use an access code set by you. This is instead of the normal way of sending them your share link, for instructions of how to do this refer to our “Buying And Sharing Tests” guide.

Custom codes are best used when you are going to have one large group of people take the test. It makes the instructions very simple, and segments this group of people separately then you do with your share link. This is the system Sally uses when giving speeches.

Custom codes are free for FCAs if they are purchasing 10 or more assessments at once. Be aware that this is a manual process on our end, so you will only receive one export of your data.

LET'S GET STARTED

1. **Fill out the form.** So we can create your free account.
2. **Take the assessment.** Discover your Advantages in 5 minutes or less.
3. **Get your Report.** You'll receive your web-based report immediately after finishing the assessment.

Below it are two text input fields for 'First Name*' and 'Last Name*'. Next are two text input fields for 'Create Password*' and 'Verify Password*', with a small icon to the right of the second field. Below these is a text input field for 'Email Address*'. Under the email field is a checkbox labeled 'I agree to the [Terms and Conditions of Use and Privacy Policy](#)'. A large orange button labeled 'START NOW' is positioned below the checkbox. At the bottom of the form, there's a section titled 'WE RESPECT YOUR PRIVACY' with text about unsubscribing and a link to the 'Terms and Conditions of Use and Privacy Policy'.
